KILLED DURING A QUARREL.

Indiana Brickmason Stabbed to Death by a Peddler.

Muncie, Ind., Aug. 16.—Henry H. Stiver, a brickmason, forty-five years of age, was stabbed to death Monday by D. E. Lowenstein, a peddler. Mrs. John Laganback, a relative of Stiver, called the latter from his home across the street to eject a man whom she alleged had insulted her. When Stiver arrived he ordered Lowenstein to leave the house. A quarrel ensued during which Stiver was stabbed several times in the neck, the wounds causing almost instant death.

When the news of Stiver's death and the arrest became known a crowd collected and threatened to lynch Lowenstein, who was hurried to jail and locked up. The mob followed and when threats of lynching were heard outside the jail, the prisoner was driven to Yorktown and taken in an interurban car to Anderson, whence he was taken to Indianapolis to jail.

CONGRESSMAN HITT IS ILL.

Serious Condition of Illinois Man Causes Anxiety.

Bar Harbor, Me., Aug. 16.—The illness of Congressman Robert R. Hitt of Illinois, which began prior to the Republican national convention in June, has recently taken a turn that is causing anxiety. Congressman Hitt has been occupying a cottage here. Doctors Hyatt and Morgan of Washington, who were summoned here to consult with Dr. Horace Stokes, announced last night that Mr. Hitt had improved much from a recent relapse and that his condition was not now considered critical, although considerable anxiety is felt. Congressman Hitt's illness is due to a general breakdown.

FOR CAMPAIGN IN NEW YORK.

Democratic Committees Complete All Their Arrangements.

New York, Aug. 16.—At a conference between Chairman Cord Meyer of the New York Democratic state committee, and Delancey Nicholl, vice chairman of the national committee, Monday an understanding was reached regarding the New York state campaign. It was decided that the national committee would not interfere with the state committee in the state and neither the national nor the state committee will take up any work in New York city and Brooklyn, where the campaign will be conducted by the regular Democratic organization. The Democratic national managers say they are convinced that the situation in Greater New York is in the best possible shape for a large vote and larger majorities than ever before.

FOUR MORE BODIES FOUND.

Eighty-eight Victims of the Colorado Wreck Identified.

Pueblo, Colo., Aug. 16.—Four bodies of victims of the Eden railway wreck were recovered Monday and all identified. All of the eighty-eight bodies recovered to date have been identified. Those recovered Monday are Mrs. Minnie Huddleston (colored), Joseph Keating, aged two; Mamie Moller, aged two, all of Pueblo; Robert Gartland, three years old, Denver. The bodies were found about eight miles down the river. The coroner's jury examined a number of witnesses Monday. A verdict probably will not be reached before the end of the week.

Success may sometimes come unexpectedly, but work alone can hold it. Murray.

ATTACKING FORTRESS

JAPS STORM AND CARRY OUT POSTS OF PORT ARTHUR BY A BAYONET CHARGE.

PREPARE FOR LAST ASSAULT

HUNDREDS OF GUNS CLEAR THE WAY FOR THE RUSH OF THE BROWN BATTALIONS.

Chefoo, Aug. 16.—The Japanese land attack on Port Arthur has been going forward for several days. The heights of Taku, from which temporary retirement had been made, were stormed and taken with the bayonet. These hills command the eastern bastions. Shaku mountain and Yeanchang have also been captured, and the western side range of hills overlooking the west port is in the hands of the Japanese artillery.

Terrific pounding has gone on for a week. Assaults in force have yet to come. Japanese reinforcements arrive constantly. Each unit hands its guns to the artillery command on Wolf hill, where hundreds of guns are massed. From that direction will come the main assault through the river valleys.

Shanhi-kwan, Aug. 16.—The storming of Port Arthur is now in progress. The fighting can be seen plainly now from the easterly side of Liaotung gulf. A great battle is under way for the possession of the southerly end of the Etze range of hills west of Port Arthur proper.

St. Petersburg, Aug. 16.—The expectation here is that Port Arthur will fall at any moment. Especial significance is attached to the fact that Lieutenant General Stoessel's wife and children went to Chefoo on board the torpedo boat destroyer Ryeshiteln.

READY FOR RETREAT

ENTIRE RUSSIAN ARMY TO RETIRE FURTHER NORTH FROM LIAOYANG.

Berlin, Aug. 16.—A dispatch to the Lokal Anzeiger from Liaoyang indicates a belief in the retirement further north of the Russian army. The dispatch says that the Russo-Chinese bank at Liaoyang is preparing to remove to Tielingsien, and that the bank at Mukden is apparently about to close.

The authorities, the dispatch says, have heard that 1,200 Chinese bandits are preparing to sack Liaoyang as soon as it is evacuated by the Russians. The heavy rains have converted the country far and wide into a swamp.

The Liaoyang correspondent of the Tageblatt estimates that the Japanese forces in the field number 320,000 men, of whom 100,000 are now in front of Port Arthur.

WHEREABOUTS A MYSTERY.

Russians Do Not Know What Has Become of Port Arthur Fleet.

St. Petersburg, Aug. 16.—The exact whereabouts of the Port Arthur battleships is still a mystery on which hinges Russian naval fortunes in the far East. Telegrams reporting them back at Port Arthur have not yet been confirmed.

It is apparent that Vice Admiral Togo either cannot or will not say where they have gone. The admiralty officials declare they do not know, but they refuse to believe that out of five battleships not a single one managed to break through to Vladivostok. The cause of this uncertainty is attributed partly by a distinguished naval attaché to the natural consequences of a sea fight in the night time. Vessels on either side might become separated and be unable to rejoin their respective fleets at daybreak, or possibly, be tempted to chase an individual enemy who might be in sight rather than to proceed to their rendezvous.

Withoft Fixed a Rendezvous.

Vice Admiral Togo's report of his own damage mentions only a few ships, which is believed to indicate that the others have not rejoined his fleet. It is more than probable that Admiral Withoft before going out fixed a rendezvous to which the vessels would proceed if separated, and it is likewise more than probable that this rendezvous was between Shanghai and Kiusu (the most southerly of the three principal islands of Japan) which is on the circular route to Vladivostok.

The Czarevitch was evidently heading for this point when she was compelled by the damages she sustained to turn aside and enter Tsingtau.

In this connection it is interesting to note the presence off the Saddle islands of four battleships reported in a Shanghai telegram and later said to be four cruisers, presumably the Pallada, Diana and Novik, escorting the crippled flagship Askold. The vessels might take advantage of the fact that the Shanghai-Nagasaki cable is laid near the Saddle islands to sever Japan's connections with the conti-

nent. Persistent reports that the Russian vessels were coaling from colliers in these waters, confirms the hypothesis that they had agreed to rendezvous at this point en route to Vladivostok, if they failed to keep together, and to rush the Korean straits.

Askold Goes Into Dock.

London, Aug. 16.—A dispatch to Lloyd's from Shanghai says that the cruiser Askold has gone into dock and that the torpedo boat destroyer Grosvoil is being dismantled.

NOW IN HANDS OF GERMANS.

Russian Flag Lowered From Battleship Czarevitch.

Tsingtau, Aug. 16.—The Russian battleship Czarevitch and three torpedo boat destroyers are now in the hands of the local German government for repairs but it is improbable that these vessels will fight again in this war.

Captain Truppel, chief of the military and civil administration of the protectorate of Kiaochau, after having completed provisions for the neutrality of the crews of the Russian warships during their stay here, proceeded to go on board the Czarevitch. The crew of the battleship were alarmed at the advent of Captain Truppel's party and seized their weapons. They were quickly quieted, however, and the commander of the Czarevitch was informed that it was necessary that the Russian flag be hauled down and remain down pending the completion of the repairs. The Czarevitch's flag was then lowered amid impressive formalities, after which Captain Truppel visited each of the three destroyers, whose flags also were lowered.

It is thought here that if the Russians persist in repairing their ships they will eventually have to dismantle them because of the vastly superior force of the Japanese which is awaiting for them outside the harbor.

According to the regulations which govern situations such as the one existing here the destroyers will not be permitted to leave in a body, but must go out at intervals of six hours.

It is believed here that the Russian cruisers Pallada and Diana have reached Vladivostok.

NEW RUSSIAN LOAN.

One of Fifty Million Dollars to Be Floated in France.

London, Aug. 16.—The Moscow correspondent of the Standard says that Russia has arranged a new loan with France of \$50,000,000 at 5 per cent, repayable in six years, the issue price to be 99%.

WANTS EXPLANATION

RUSSIA SENDS A STRONG NOTE TO CHINA ON THE RYSHITELNI INCIDENT.

St. Petersburg, Aug. 16.—The presentation of a strongly worded Russian note to the Peking government demanding an explanation of the Ryeshiteln incident, coupled with a demand for the restoration of the destroyer, as foreshadowed by the protest sent to Japan and the powers, shows that Russia is apparently determined to obtain satisfaction for the affront. It is believed here that the least Japan can do is to surrender the destroyer, unless she wishes to place herself on record as defying the most categorical provisions of international law, with the possibilities of ultimate complications.

Russian, Japanese and Chinese versions all agree that the vessel was captured in a neutral harbor. The charge of cowardice and complicity brought against the Chinese admiral is based alike on his failure to protect an unarmed vessel and on his permitting the Japanese destroyers to enter the harbor. It is pointed out that it was the admiral's duty to place a guard on board the Ryeshiteln, taking off the Russian crew.

RUSSIANS DOWNHEARTED.

Soldiers at Port Arthur Are No Longer Hopeful.

Chefoo, Aug. 16.—Junks which arrived here Monday, having left Port Arthur Aug. 12, brought reports that the Japanese occupied new positions on that day. The firing was heavy but intermittent and indicated that the assaults were being continued. The Russians at Port Arthur are reported to be downhearted. The men who came on the junks declare that the commander of the Japanese fleet before Port Arthur informed the Russian commander of the place that if the warships which returned to the harbor after the sortie of Aug. 10 were sunk by the Russians the Japanese would shell the town with lyddite.

Admiral Bezobrazoff Ill.

St. Petersburg, Aug. 16.—Vice Admiral Bezobrazoff is seriously ill at Vladivostok, to which port Viceroy Alexieff is now en route.

Panic Prevails in Paraguay.

Buenos Ayres, Aug. 16.—A feeling akin to panic prevails at Asuncion, capital of Paraguay. The insurgents under General Ferreira are awaiting the arrival of the steamer Iticaiva to make a simultaneous attack by land and water upon the capital.

Heavy Loss by Fire.

Gladstone, Mich., Aug. 16.—The distilling house of the chemical plant of the Cleveland Cliffs Iron company was struck by lightning and completely destroyed by fire. The loss is \$150,000, not insured.

RUSSIAN SHIP IS SUNK

PROTECTED CRUISER OF THE PALLADA TYPE TORPEDOED BY THE JAPS.

THE SINKING OF THE RURIK

ADMIRAL KAMIMURA TELLS OF HIS VICTORY OVER VLADIVOSTOK SQUADRON.

Tokio, Aug. 16.—Admiral Togo reports that a vessel of the type of the protected cruiser Pallada was torpedoed and sunk in the engagement of Aug. 19.

Chefoo, Aug. 16.—An unconfirmed report which has reached here from Tsingtau says the Russian cruiser Novik, which put into Tsingtau after the battle of Aug. 10 off Port Arthur and which coaled there and put to sea within her twenty-four hours' limit, has been sunk forty miles from Tsingtau.

KAMIMURA REPORTS

JAP ADMIRAL TELLS HOW HIS WARSHIPS SANK THE RUSSIAN CRUISER RURIK.

Tokio, Aug. 16.—Admiral Kamimura, in his detailed report of last Sunday's victory of the Vladivostok squadron, says:

"At dawn Sunday morning the armored cruisers Idsumo, Adsuma, Tokiwa and Iwate, while engaged in a search off Fusan, Korea, discovered three ships of the Vladivostok squadron steaming southward. Seeing us, the enemy endeavored to flee northward. We immediately closed their retreat. The engagement opened at 5:23 a. m. The Rurik being the slowest of the enemy's vessels, was constantly left behind and she formed a target for our incessant fire. The Russia and the Gromobol gallantly attempted several times to protect the Rurik. They frequently returned to the Rurik and when united the three advanced together. Our fleet thus had the advantage, pouring its fire from a formation in the shape of the letter 'T.' The enemy's ships were seen to be on fire several times, showing thereby that they were heavily damaged. The Rurik was finally disabled and her fire weakened. She began lowering in the water, listing to port. The Russia and Gromobol finally abandoned the Rurik.

"Just then our Fourth detachment, consisting of the protected cruisers Naniwa and the Takashiho, having been seen attacking the Rurik, our squadron pursued the Russia and Gromobol. Severe fighting continued for several hours.

"The Russia and Gromobol escaped to the northward at full speed. At 10:19 a. m. our squadron changed its course to starboard and went south in search of the Rurik. In the meantime the Rurik had been sunk. Our ships steamed over the locality and succeeded in saving 600 members of the Rurik's crew. Our damage was not serious. The spirit of our men was excellent."

SURVIVORS REACH NAGASAKI.

Russians From the Rurik Arrive at Japanese Port.

Nagasaki, Aug. 16.—Six hundred survivors of the crew of the Russian cruiser Rurik, which was sunk by Admiral Kamimura off Unsan, Korea, Sunday morning, have arrived at Sasebo.

The Japanese hospital ship Sakiko has also arrived at Sasebo with 75 Japanese wounded, including Imperial Prince Hiroyasu Kwacko, who was slightly wounded in the naval engagement off Round Island.

COUNT KAWAMURA IS DEAD.

He Was Regarded as the Father of the Japanese Navy.

London, Aug. 16.—The Tokio correspondent of the Times says that Count Kawamura is dead. He was regarded as the father of the Japanese navy.

Tacks and Cartridges in Stomach.

F. Wayne, Ind., Aug. 16.—A post mortem examination was held Monday over the body of William Kress, whose death at Roanoke, Saturday night, aroused suspicions among the authorities. Ten 32-calibre cartridges, 4 carpet tacks and a needle were found in his stomach.

Second Race Protested.

Chicago, Aug. 16.—The St. Claire of Detroit finished first in the second race for the Lipton cup, which was sailed Monday, but the result was protested by Dr. C. Pinckard, on behalf of the Sprites of Chicago, because the judges were not at their proper place when the starting gun was fired.

Fatal Automobile Accident.

Indianapolis, Aug. 16.—Cincinnati, Hamilton and Dayton passenger train No. 30 struck an automobile at the Liberty street crossing Monday, instantly killing the driver Frank L. Steen, manager of a coal company, and severely injuring Seth Burnett.

JUDGE PARKER AT ESOPUS.

Democratic Candidate Returns Home From His Outing.

Esopus, N. Y., Aug. 16.—Judge Parker arrived at Rosemont from Winnisook Lodge at 6 p. m. with Mrs. Parker and his brother, Fred H. Parker.

All along the nine-mile drive from the club quarters to the railroad at Big Indian the keenest interest was exhibited by the natives and cottagers in the Democratic candidate. He was repeatedly cheered.

On the train the candidate was the center of interest, many of the passengers introducing themselves and shaking hands with him. At Esopus the party was met by the Rosemont wagonette and taken home.

The judge arose almost at dawn Monday and spent the morning quietly on the verandas of the various cabins. In spite of the effort to prevent any suggestion of a political character, the young people made it "Farker day" at Winnisook.

The Kingston Point band was brought over and played during the day. Soon after its arrival a parade of all the Winnisook folk was formed and marching around the lake, was reviewed at the end by Judge and Mrs. Parker. Verses were written for the occasion and set to the music of popular airs.

NEGRO FOUND GUILTY.

Will Cato Convicted of Murdering the Hodges Family.

Statesboro, Ga., Aug. 16.—At 7:30 p. m. the jury in the case of the state versus Will Cato, one of the negroes charged with the murder of Henry Hodges and family, returned a verdict of guilty, after being out eight minutes. Judge Daly immediately adjourned court for the day without passing sentence on the prisoner. The prisoners were escorted back to the jail under a heavy military guard, which is now protecting the jail.

Rev. A. H. Hodges, a brother of Henry Hodges, who with his wife and three children, was murdered, opened court with prayer.

CIVIL WAR VETERANS

MEET AT THE ANNUAL ENCAMPMENT OF THE GRAND ARMY AT BOSTON.

Boston, Aug. 16.—A reunion of Grand Army veterans, an exchange of happy recollections and a fraternal mingling of Confederates and Unionists Monday marked the opening in this city of the national encampment of the Grand Army of the Republic. At noon a parade of the Union ex-prisoners of war, bluejackets from the United States warships and others, marked the opening of the G. A. R. convention, together with its numerous subsidiary organizations, including the Woman's Relief corps, the Ladies of the G. A. R., and the Sons and Daughters of Veterans.

At night in historic Faneuil hall, a score of former Confederate officers gathered around the banquet board as the guests of Edward W. Kinsley post of Boston, as did also Lafayette post of New York, and here were enunciated the declarations that the North and South are strongly and inseparably welded, with the past strife forgotten.

In the striking pageant of the day marched survivors of three wars, the Mexican war, the Civil war, represented by the Union ex-prisoners, and the Spanish war as commemorated by the League of Spanish War Veterans. The parade, composed of about 6,000 men, was reviewed by Mayor Collins at City hall, and Governor Bates, Senator Lodge and John D. Long at the state house.

The campfire at Tremont Temple, held by the Union ex-prisoners of war, had prominent speakers, while the reception of national officers of the Woman's Relief corps at the Hotel Vendome to Commander-in-Chief John C. Black and others of the G. A. R. was a notable function.

The city is crowded with people in anticipation of the great parade of veterans today.

PYTHIANS AT LOUISVILLE.

Transfer of Camp Taylor Marks Opening of Conclave.

Louisville, Ky., Aug. 16.—A simple ceremony, the formal transfer of Camp Marion E. Taylor, from the local executive committee, which had placed it in readiness, to the Knights of Pythias, for whom it was prepared—marked the formal opening of this organization's biennial convocation of 1904. The exercises occurred at 4 o'clock in the presence of about 10,000 people. Marion E. Taylor formally presented the tented city which bears his name to Tracy R. Bangs, supreme chancellor of the Knights, who turned the camp over to General James R. Carnahan of Indianapolis, commanding the Uniform Rank, the general speaking briefly in acknowledgement. The adjutant general's flag was then thrown to the breeze and the salute fired by battery A of Wheeling, W. Va.

SAWMILL BOILER EXPLODES.

Four Men Killed and Several Others Injured.

Senola, Ga., Aug. 16.—The boiler at the sawmill of J. F. Arnold, five miles from this city, exploded Monday, killing four persons and injuring several others, how many is not known. The dead are J. F. Arnold, owner of the mill; Buford Arnold, Will Arnold, a negro, and an unknown negro.

RUSSIA SENDS A STRONG NOTE TO CHINA ON THE RYSHITELNI INCIDENT.

St. Petersburg, Aug. 16.—The presentation of a strongly worded Russian note to the Peking government demanding an explanation of the Ryeshiteln incident, coupled with a demand for the restoration of the destroyer, as foreshadowed by the protest sent to Japan and the powers, shows that Russia is apparently determined to obtain satisfaction for the affront. It is believed here that the least Japan can do is to surrender the destroyer, unless she wishes to place herself on record as defying the most categorical provisions of international law, with the possibilities of ultimate complications.

Russian, Japanese and Chinese versions all agree that the vessel was captured in a neutral harbor. The charge of cowardice and complicity brought against the Chinese admiral is based alike on his failure to protect an unarmed vessel and on his permitting the Japanese destroyers to enter the harbor. It is pointed out that it was the admiral's duty to place a guard on board the Ryeshiteln, taking off the Russian crew.

RUSSIANS DOWNHEARTED.

Soldiers at Port Arthur Are No Longer Hopeful.

Chefoo, Aug. 16.—Junks which arrived here Monday, having left Port Arthur Aug. 12, brought reports that the Japanese occupied new positions on that day. The firing was heavy but intermittent and indicated that the assaults were being continued. The Russians at Port Arthur are reported to be downhearted. The men who came on the junks declare that the commander of the Japanese fleet before Port Arthur informed the Russian commander of the place that if the warships which returned to the harbor after the sortie of Aug. 10 were sunk by the Russians the Japanese would shell the town with lyddite.

Admiral Bezobrazoff Ill.

St. Petersburg, Aug. 16.—Vice Admiral Bezobrazoff is seriously ill at Vladivostok, to which port Viceroy Alexieff is now en route.

RUSSIAN SHIP IS SUNK

PROTECTED CRUISER OF THE PALLADA TYPE TORPEDOED BY THE JAPS.

THE SINKING OF THE RURIK

ADMIRAL KAMIMURA TELLS OF HIS VICTORY OVER VLADIVOSTOK SQUADRON.

Tokio, Aug. 16.—Admiral Togo reports that a vessel of the type of the protected cruiser Pallada was torpedoed and sunk in the engagement of Aug. 10.

Chefoo, Aug. 16.—An unconfirmed report which has reached here from Tsingtau says the Russian cruiser Novik, which put into Tsingtau after the battle of Aug. 10 off Port Arthur and which coaled there and put to sea within her twenty-four hours' limit, has been sunk forty miles from Tsingtau.

KAMIMURA REPORTS

JAP ADMIRAL TELLS HOW HIS WARSHIPS SANK THE RUSSIAN CRUISER RURIK.

Tokio, Aug. 16.—Admiral Kamimura, in his detailed report of last Sunday's victory of the Vladivostok squadron, says:

"At dawn Sunday morning the armored cruisers Idsumo, Adsuma, Tokiwa and Iwate, while engaged in a search off Fusan, Korea, discovered three ships of the Vladivostok squadron steaming southward. Seeing us, the enemy endeavored to flee northward. We immediately closed their retreat. The engagement opened at 5:23 a. m. The Rurik being the slowest of the enemy's vessels, was constantly left behind and she formed a target for our incessant fire. The Russia and the Gromoboi gallantly attempted several times to protect the Rurik. They frequently returned to the Rurik and when united the three advanced together. Our fleet thus had the advantage, pouring its fire from a formation in the shape of the letter 'T.' The enemy's ships were seen to be on fire several times, showing thereby that they were heavily damaged. The Rurik was finally disabled and her fire weakened. She began lowering in the water, listing to port. The Russia and Gromoboi finally abandoned the Rurik.

"Just then our Fourth detachment, consisting of the protected cruisers Naniwa and the Takashihio, having been seen attacking the Rurik, our squadron pursued the Russia and Gromoboi. Severe fighting continued for several hours.

"The Russia and Gromoboi escaped to the northward at full speed. At 10:19 a. m. our squadron changed its course to starboard and went south in search of the Rurik. In the meantime the Rurik had been sunk. Our ships steamed over the locality and succeeded in saving 600 members of the Rurik's crew. Our damage was not serious. The spirit of our men was excellent."

SURVIVORS REACH NAGASAKI.

Russians From the Rurik Arrive at Japanese Port.

Nagasaki, Aug. 16.—Six hundred survivors of the crew of the Russian cruiser Rurik, which was sunk by Admiral Kamimura off Unsan, Korea, Sunday morning, have arrived at Sasebo.

The Japanese hospital ship Saikio has also arrived at Sasebo with 75 Japanese wounded, including Imperial Prince Hiroyasu Kwacko, who was slightly wounded in the naval engagement off Round Island.

Tacks and Cartridges in Stomach.

Second Race Protested.

Chicago, Aug. 16.—The St. Claire of Detroit finished first in the second race for the Lipton cup, which was sailed Monday, but the result was protested by Dr. C. Pinckard, on behalf of the Sprite of Chicago, because the judges were not at their proper place when the starting gun was fired.

Fatal Automobile Accident.

Indianapolis, Aug. 16.—Cincinnati, Hamilton and Dayton passenger train No. 30 struck an automobile at the Liberty street crossing Monday, instantly killing the driver, Frank L. Steen, manager of a coal company, and severely injuring Seth Burnett.

JUDGE PARKER AT ESOPUS.

Democratic Candidate Returns Home From His Outing.

Esopus, N. Y., Aug. 16.—Judge Parker arrived at Rosemount from Winnisook Lodge at 6 p. m. with Mrs. Parker and his brother, Fred H. Parker.

All along the nine-mile drive from the club quarters to the railroad at Big Indian the keenest interest was exhibited by the natives and cottagers in the Democratic candidate. He was repeatedly cheered.

On the train the candidate was the center of interest, many of the passengers introducing themselves and shaking hands with him. At Esopus the party was met by the Rosemount wagonette and taken home.

The judge arose almost at dawn Monday and spent the morning quietly on the verandas of the various cabins.

In spite of the effort to prevent any suggestion of a political character, the young people made it "Farker day" at Winnisook.

The Kingston Point band was brought over and played during the day. Soon after its arrival a parade of all the Winnisook folk was formed and marching around the lake, was reviewed at the end by Judge and Mrs. Parker. Verses were written for the occasion and set to the music of popular airs.

NEGRO FOUND GUILTY.

Will Cato Convicted of Murdering the Hodges Family.

Statesboro, Ga., Aug. 16.—At 7:30 p. m. the jury in the case of the state versus Will Cato, one of the negroes charged with the murder of Henry Hodges and family, returned a verdict of guilty, after being out eight minutes. Judge Daly immediately adjourned court for the day without passing sentence on the prisoner. The prisoners were escorted back to the jail under a heavy military guard, which is now protecting the jail.

Rev. A. H. Hodges, a brother of Henry Hodges, who with his wife and three children, was murdered, opened court with prayer.

CIVIL WAR VETERANS

MEET AT THE ANNUAL ENCAMPMENT OF THE GRAND ARMY AT BOSTON.

Boston, Aug. 16.—A reunion of Grand Army veterans, an exchange of happy recollections and a fraternal mingling of Confederates and Unionists Monday marked the opening in this city of the national encampment of the Grand Army of the Republic. At noon a parade of the Union ex-prisoners of war, bluejackets from the United States warships and others, marked the opening of the G. A. R. convention, together with its numerous subsidiary organizations, including the Woman's Relief corps, the Ladies of the G. A. R., and the Sons and Daughters of Veterans.

At night in historic Faneuil hall, a score of former Confederate officers gathered around the banquet board as the guests of Edward W. Kinsley post of Boston, as did also Lafayette post of New York, and here were enunciated the declarations that the North and South are strongly and inseparably welded, with the past strife forgotten.

In the striking pageant of the day marched survivors of three wars, the Mexican war, the Civil war, represented by the Union ex-prisoners, and the Spanish war as commemorated by the League of Spanish War Veterans. The parade, composed of about 6,000 men, was reviewed by Mayor Collins at City hall, and Governor Bates, Senator Lodge and John D. Long at the state house.

The campfire at Tremont Temple, held by the Union ex-prisoners of war, had prominent speakers, while the reception of national officers of the Woman's Relief corps at the Hotel Vendome to Commander-in-Chief John C. Black and others of the G. A. R. was a notable function.

The city is crowded with people in anticipation of the great parade of veterans today.

PYTHIANS AT LOUISVILLE.

Transfer of Camp Taylor Marks Opening of Conclave.

Louisville, Ky., Aug. 16.—A simple ceremony, the formal transfer of Camp Marion E. Taylor from the local executive committee, which had placed it in readiness to the Knights of Pythias, for whom it was prepared—marked the formal opening of this organization's biennial convocation of 1904. The exercises occurred at 4 o'clock in the presence of about 10,000 people. Marion E. Taylor formally presented the tented city which bears his name to Tracy R. Baugh, supreme chancellor of the Knights, who turned the camp over to General James R. Carnahan of Indianapolis, commanding the Uniform Rank, the general speaking briefly in acknowledgement. The adjutant general's flag was then thrown to the breeze and the salute fired by battery A of Wheeling, W. Va.

"The Cols. Garden."
EDITOR OF DISPATCH:
I have just been distributing some vegetables from the garden of C. D. Johnson. This garden is justly celebrated for its early production of beans, peas, cucumbers etc., and I have this day unbeknown to the "Col." picked a large ripe tomato.
Horace Greeley published a pamphlet entitled "What he knew about farming." He took great pride in the study of agriculture and was free to give his knowledge to others. A farmer desiring to experiment in the cultivation of tobacco in the soil of New York approached Mr. Greeley to ascertain his knowledge of that weed. Mr. Greeley replied, "To raise fine cut tobacco it is only necessary to strip the tin foil from the growing bud early in the spring, but to raise plug tobacco it is more difficult. It should be carefully picked off the tree by hand, never knock it off with a club." The "Col." is very silent in making known his method of cultivating, but I have from observation, having frequent access to the garden, ascertained in part the secret, which was the application (by proxy) that he cheerfully and willingly cultivated in that way, and his wife aided him greatly.

WILL ACT IN CHOUNARD CASE
All Hope of Saving the Man from the Gallows is Said to Have Been Abandoned.

It was reported a few days ago that Attorney A. T. Larson, who appeared for Chounard in the murder trial at Walker, was preparing the record in the case for an appeal to the supreme court. This action had been about decided upon, but it is understood now that both Mr. Larson and Attorney Bailey, of Bemidji, have abandoned the matter and that no further effort will be made. Judge Spooner, before whom the case was tried, is in the city and he states that he has heard nothing of any further action.

BASE BALL NUBS

Bemidji will be in Brainerd for two games, Saturday and Sunday. The game on Saturday will be called at 4 o'clock and on Sunday at 3:30 o'clock. The Bemidji team is one of the fastest teams in the country and they are claiming great things for them. The Brainerd team will be equal to the occasion, however, and expect to take both games. The Bemidji played the Crookston team a few days ago and won by a score of 22 to 0 but this is no criterion as Crookston's regular league team has disbanded and it is presumed that the bunch that played was a lot of local fellows. The home team will put in four hard nights this week practicing and they expect to go into the game stronger and more determined than ever. If they beat Bemidji they are without question the champion amateur of the state.

CASE WILL NOT BE APPEALED

Neither Attorney A. T. Larson, of this City, nor Attorney Bailey, of Bemidji

WILL ACT IN CHOUNARD CASE

All Hope of Saving the Man from the Gallows is Said to Have Been Abandoned.

It was reported a few days ago that Attorney A. T. Larson, who appeared for Chounard in the murder trial at Walker, was preparing the record in the case for an appeal to the supreme court. This action had been about decided upon, but it is understood now that both Mr. Larson and Attorney Bailey, of Bemidji, have abandoned the matter and that no further effort will be made.

Judge Spooner, before whom the case was tried, is in the city and he states that he has heard nothing of any further action.

BASE BALL NUBS

Bemidji will be in Brainerd for two games, Saturday and Sunday. The game on Saturday will be called at 4 o'clock and on Sunday at 3:30 o'clock. The Bemidji team is one of the fastest teams in the country and they are claiming great things for them. The Brainerd team will be equal to the occasion, however, and expect to take both games. The Bemidji played the Crookston team a few days ago and won by a score of 22 to 0 but this is no criterion as Crookston's regular league team has disbanded and it is presumed that the bunch that played was a lot of local fellows. The home team will put in four hard nights this week practicing and they expect to go into the game stronger and more determined than ever. If they beat Bemidji they are without question the champion amateur of the state.

1 and 2 Send in their Resig-
nations. Effective Aug. 25

chair. Members all present.

month of July was read and approved.

The report of the special committee
on finance, recommending re-trench-
ment along all lines was read and on
motion approved.

The finance committee asked for
further time in the matter of providing
for the sale of sewer warrants and sug-
gested that the council, when it ad-
journ, adjourn to Thursday evening,
August 18. The report was accepted
and the committee granted further
time.

The committee on the proposed fire-
men's association reported adversely on
the question of giving permission for
the organization of the proposed relief
association. Chas. Wilkins and R. L.
Weeks were heard in support of the
proposed association. Mr. Wilkins
stated that the department favored it
46 to 36 and that the firemen of Brainerd
had responded to 121 alarms since
April 1, 1903, of which only nine had
been responded to by the northeast and
southeast Brainerd companies while
companies 1 and 2 had responded to
every one. They thought that the fire-
men should have the handling of the
relief funds and that the council should
turn over to the association all the funds
received from the state as insurance
taxes. Alderman Johnson read the law
under which the money was received
and giving the purposes for which it

could be expended by the city council.
These purposes were: First, the relief
of sick and injured firemen. Second,
the pensioning of firemen after long ser-
vice. Third, the equipment of the fire
department. Alderman Johnson opposed
the turning over of the funds to the
association on the ground that the neces-
sary relief just as well as the association
would be and that turning it over pre-
cluded any possibility of ever using any
surplus that might accumulate in the
purchase of a chemical engine or any
other equipment. Alderman Rowley, of
the committee, took the same ground
as Mr. Johnson and one of the members
of Company No. 4 also spoke of leaving
the funds in the hands of the council.
The report of the committee was unani-
mously accepted. Mr. Wilkins then
handed to the city clerk the resigna-
tions of a number of members of the
Companies No. 1 and 2.

This resignation is to take effect on
August 25, which naturally is supposed
to be set at a future date to give the
council an opportunity to rescind their
action and still grant the request made.

This matter has been rehearsed sev-
eral times now and the readers of THE
DISPATCH are quite familiar with all the
details. The question of organizing a
relief association was first suggested
last winter and a general meeting of the
department was called at which a com-
mittee was appointed to formulate a
constitution and a set of by-laws. This
committee in time reported and after

everything was shaped properly the
matter was brought before the city
council. No definite action was ever
taken on the proposition until last night,
however, but there was no mistake
about what the council meant in the ac-
tion they took.

The question of the cement sidewalk
in front of D. Mahoney's residence was
brought up by Alderman Robertson.
This walk was put in under grade and
line stakes given by former City Engi-
neer Whiteley. When checked up either
by the existing monuments or by the
sidewalk line given on the opposite side
of Ninth street by Mr. Whiteley, it is
two feet too far in the street. There
was some discussion as to the responsi-
bility of the city engineer and his bonds-
men in the matter, City Attorney Flem-
ing stating that it depended entirely
upon whether the engineer was acting
under orders of the council or not. A
motion finally prevailed that the city
engineer be instructed to establish line
and grade for cement walks on both
sides of Ninth street north for its en-
tire length, leaving the matter of com-
pelling Mr. Mahoney to move his walk
to be taken up later.

Alderman Murphy was on deck again
with a request that the street commis-
sioner be instructed to repair Oak street
east of Nineteenth street. Referred to
the street committee with power to act.

The electric light committee asked
further time in the matter of the dis-
pute between the city electrician and
Messrs. White Bros. over the wiring of
the Walverman block. Further time
was also asked by the same committee
in the matter of granting the head en-
gineer a raise of salary.

The question of the temporary side-
walk in front of the site of the Hartley
block was brought up and the clerk read
a communication from Mr. Wise stating
that the material was ordered to rebuild
the walk, which would be done as soon
as possible.

The city clerk was ordered to write
the president of the Minnesota Water
Works Co., ordering him to comply at
once with the order of the city council
regarding the construction of two new
mains ordered several months ago.

A communication was read from prop-
erty owners on Broadway asking the
council to establish a fifteen foot walk
on both sides of that street from Front
street to the spur between Laurel and
Maple. The petitioners did not, how-
ever, wish a walk ordered built this
year. The city attorney was ordered to
draw an ordinance to cover the request
and report at the adjourned meeting
Thursday night.

A resolution ordering a walk on Laur-
el to the Mississippi river bridge was
introduced, but was referred to the city
attorney because of doubt as to whether
an amendment to the ordinance was
necessary.

Alderman Purdy brought up the ques-
tion of the location of the city scales
bought last winter and scored the com-
mittee having it in charge for not get-
ting busy. A broad and audible smile
went the rounds of the table which was
explained when Alderman Robertson re-
minded Mr. Purdy that he, Purdy, was
chairman of the delinquent committee.
President Crust announced that unless
the scales were in place in two weeks
Alderman Purdy would be fined, and
the genial alderman was busy after ad-
journment notifying his committee when
to meet.

The council adjourned till Thursday
evening.

WILL TOUR THE COUNTRY.

Senator Fairbanks to Speak for Republican Ticket.

Chicago, Aug. 16.—That Senator Fairbanks, the republican vice presidential candidate, will participate almost exclusively in the presidential campaign and tour the country in behalf of the ticket of which he is a component part was made known Monday as the result of a visit made by him to republican headquarters in this city. The senator was in consultation during the greater part of the day with the republican campaign

ing Chairman New, Secretary Dover, Congressman Tawney, Hon. C. G. Dawes, Hon. R. B. Snyder and Hon. D. W. Mulvane. The time was spent in trying to reach an agreement as to when and where Senator Fairbanks' tour should begin and how its course should be arranged as to best conserve his time and energies.

He entered into an engagement to open the Kansas state campaign at Marion on Sept. 1, and there are calls for him for earlier dates in Vermont. He will speak at Saratoga, N. Y., on Sept. 14, on the occasion of the celebration of the fiftieth anniversary of the organization of the Republican

party at that resort. Later in the campaign he will visit the far West and other sections in which the national committee may wish to have him speak.

Mr. Tawney, in charge of the speakers' bureau, announces that Secretary Shaw will enter the campaign next week, beginning in Montana. He will proceed thence to the Pacific coast and return through Colorado and Kansas.

TO END THE TROUBLE

MAYOR HARRISON OF CHICAGO WILL TRY TO SETTLE STOCK-YARDS STRIKE.

WILL CONFER WITH STRIKERS

AFTER WHICH HE WILL MEET REPRESENTATIVES OF THE PACKINGHOUSES.

Chicago, Aug. 16.—Mayor Harrison will attempt to settle the stockyards strike today. He will meet the representatives of the strikers and hear their side of the controversy. Later in the day he will have a meeting with representatives of the packers and listen to their statement and he will then undertake the task of reconciling the differences.

A large committee of the retail dealers called upon him Monday and asked him to use his good offices in ending the strike. The mayor said that he would gladly do all that lay in his power to put an end to the trouble and a meeting between him and the labor leaders was at once arranged for today.

The mayor then set about arranging a meeting with the packers and they promptly sent him word that they would meet him, but they were unable to agree upon an hour for the conference for the reason that the mayor could not tell how long his session would continue with the labor leaders. He will meet the packers, however, soon after the meeting with the men is over.

There were a number of conferences during the day all having the settlement of the strike in view, but none of them resulted in anything.

A proposition providing for the reinstatement of the strikers and the arbitrating of the wage question was agreed to by the allied trades and President Donnelly of the butchers' union, but the packers did not sign it and no further action was taken.

The numerous assaults that have been taking place every day and night in the neighborhood of the stockyards have stirred the police to more energetic action than they have taken heretofore. Inspector Hunt, who is in charge of all the police stationed around the yards, has ordered that all men picketing the yards shall be compelled to move on and shall be arrested if they decline to do so.

CHARGE AGAINST A DEAD MAN.

Accused of Having Misapplied a Large Sum of Money.

Chicago, Aug. 16.—A bill in which a dead man is charged with having misapplied \$125,000 of the funds of an estate was filed Monday in the United States circuit court. The O'Neil action was brought by Anna O'Neil of Dubuque, Ia., and John and Samuel O'Dell of Shelby, Mich., and is directed against the Chicago heirs of the late John R. Wilson.

Samuel W. O'Dell died in Muskegon, Mich., in 1898 and left an estate valued at \$171,000.

The late John R. Wilson was appointed executor and trustee of the estate. The heirs of Mr. O'Dell declared that Wilson converted a large portion of the estate to his own general use.

YOUTH HAS A LIVELY TIME.

Shoots at a Workman and Narrowly Escapes Being Lynched.

New York, Aug. 16.—After holding a crowd of pursuers at bay from the platform of an elevated station, following an alleged assault upon another workman, emptying his revolver into the mob and trying to escape on a train, Joseph Costello, sixteen years old, a bricklayer, was taken to a police station Monday, guarded by a squad of reserves with drawn revolvers. Behind surged the crowd, which had chased him, demanding that he be lynched. He was locked up on a charge of felonious assault made by Thomas McLaughlin, another bricklayer, who says that the youth fired at him, the bullet passing through the collar of his coat near enough to burn his neck. No one in the crowd was injured by Costello's shooting.

THE MORMON QUESTION.

Consideration of the Subject Delays Idaho Democratic Convention.

Lewiston, Ida., Aug. 16.—Consideration of the Mormon question is blocking the proceedings of the Democratic state convention which met here Monday. United States Senator Dubois presented a radical anti-Mormon resolution, which was softened to simply denounce polygamy and the mixing of church and state and promising to favor legislation to carry into effect those laws. The prospect now is that the national Democratic plank will be simply reaffirmed.

BODY FOUND IN A WELL.

Supposed That Wisconsin Girl Committed Suicide.

Prospect, Wis., Aug. 16.—The body of Miss Lizzie Kamraden, daughter of Mr. and Mrs. August Kamraden, was found in a well on the family premises Monday. The general supposition is that the girl committed suicide, though the case is mysterious from the fact that she was not known to have a care in the world.

THREE PERSONS DROWNED.

Boat Overturns With Members of a Picnic Party.

Brunswick, Mo., Aug. 16.—While members of a picnic party were boating Monday on Locust creek, three miles from Sumner, the craft was overturned and three young people were drowned. They are: Henry Arthur, Miss Lena Garrett and Miss Josephine. The bodies were recovered.

MUSIC AND DRAMA.

"SWEET CLOVER," MONDAY NIGHT.

There is no hesitancy in recommending the offering at the Brainerd opera house next Monday night, August 22. It is the superb scenic production of the four act comedy "Sweet Clover." The atmosphere of the play moves from the city to the country, and both localities are faithfully represented with intelligent attention to realistic details. Some of the dialogues are almost in the nature of a short sermon, while other portions are deliciously droll in their quaintness and truth, as witness the following:

"They say them as has heart disease for forty years always lives to bury all their relations."

"Courtin' and hoss tradin' is considerable alike. A man makes a better trade if he ain't too impatient."

"A balky hoss always has the pleasantest expression on his face just before he begins to balk."

"Foolishness and spooniness is sometimes more sensible than sense."

"Some men has to have a day an' hour set aside for proposin' and then ten chances to one they don't propose."

"I never seen two men folks get together yet, they didn't take up some old maid and sympathize with her on not having the luck to get married. Makes 'em feel considerable more complacent themselves a picturin' how miserable she is without 'em."

"They're courtin' when they're most too old for life insurance."

Would the lady who borrowed the medical book from me last Tuesday let me hear from her. 421-6-South.

End of Bitter Fight

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. H. Hughes, of DuPont, Ga., "and gave me up. As a last resort I tried Dr. King's New Discovery for consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by H. P. Dunn & Co.'s drug store. Price 50c and 1.00. Trial bottle free.

August 24 at Opera House

The second match between Oscar Moxie, the big wrestler from Sweden and Chas. Moth, who claims the world's championship, Greco-Roman, will take place at the Brainerd opera house on the evening of August 24. Both men have been doing some consistent work training since the last match and the approaching event should be one of the very best ever seen in the northwest.

There is all kinds of speculation on the outcome, but Moxie's friends in this city still pin their faith in his ability to stay with Moth and many believe that he will be able to throw him.

Some of the shows will be free, while others will be 10-cent and 25-cent affairs, and all will be worth seeing. They will include the stadium, zoo, "creation," Morocco, illusions, congress, maze, the house upside down, a glass show, pony and dog show and other good attractions.
